EXPLANATION OF SYMBOLS

- (C) Change in regulation
- (D) Discontinued rate or regulation
- (I) Increased rate
- (M) Moved from another tariff location
- (N) To signify New rate or regulation
- (R) Reduction in a rate or charge
- (T) Change in text but no change in rate or regulation

TARIFF FORMAT

- A. **Sheet Numbering** – Sheet numbers appear in the upper right corner of the sheet. Sheets are numbered sequentially. However, occasionally, when a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. **Sheet Revision Numbers** – Revision numbers also appear in the upper right corner of each sheet. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised Sheet 14 cancels the 3rd Revised Sheet 14. Because of various suspension periods, deferrals, etc. the Commission follows in their price list approval process, the most current sheet number on file with the Commission is not always the sheet in effect. Consult the Check Sheet for the sheet currently in effect.
- C. **Paragraph Numbering Sequence** – There are nine levels of paragraph coding. Each level of code is subservient to its next higher level:
- 2.
 - 2.1.
 - 2.1.1
 - 2.1.1.A.
 - 2.1.1.A.1.
 - 2.1.1.A.1.(a).
 - 2.1.1.A.1.(a).I.
 - 2.1.1.A.1.(a).I.(i).
 - 2.1.1.A.1.(a).I.(i).(1).
- D. **Check Sheets** – When a Tariff filing is made with the Commission, an updated Check Sheet accompanies the Tariff filing. The Check Sheet lists the sheets contained in the Tariff with a cross-reference to the current revision number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc., remains the same, just revised revision levels on some sheets). The Tariff user should refer to the latest Check Sheet to find if a particular sheet is the most current on file with the Commission.

3.8. TOLL BLOCKING

3.8.2. Toll blocking (1+ and 0+ Blocking) provides the Customer with local dialing capabilities but blocks any Customer-dialed call that has a long-distance charge associated with it. Toll Blocking will not block the following types of calls: 911 (Emergency), 1 + 800 (Toll Free), and operator assisted toll calls.

3.8.3. Toll blocking is available upon request at no additional charge.

3.9. CALLER ID BLOCKING

3.9.1. A Customer placing a call may block the transfer of his or her telephone number on outgoing calls. This is accomplished on a per-call basis by dialing a special code prior to placing each call. Whenever a caller blocks the transfer of his or her telephone number, the number will not be displayed on the Caller ID subscriber's display unit. Instead, the Caller ID subscriber will receive an indicator that the calling party is blocking his or her telephone number.

3.9.2. Line call blocking is similar to per-call blocking, but continually blocks the transfer of the Customer's number unless the Customer temporarily deactivates the feature using a special code or requests that the Company unblock the Customer's telephone number.

3.9.3. Per-call blocking is offered free of charge and on an unlimited basis. Per-call blocking is available to all Customers, where facilities permit. Per-call blocking is automatically available without any action on the part of the Customer. Line blocking can be ordered by contacting the Company. CENTREX Customers should contact the Company to order any form of blocking service.

3.9.4. The first request for line blocking will be provided free of charge for all new and existing Customers upon request to the Company. If, however, a Customer subscribes to line blocking, disconnects and then reconnects to the service at the same address, a non-recurring service charge will apply as outlined below. Under no circumstances will the non-recurring service charge apply to victims of domestic violence receiving services from a domestic violence program or protected by court order, social welfare agencies, health and counseling centers, public service hotlines or their associated staff.
